SMOOTH WALLBATHWARE

SUPERIOR FINISH- AcrylX™ AcrylX has a visibly true white, deep lustrous finish that can only be achieved with an acrylic surface. Whether in a warehouse or a new house, an AcrylX product will resist scratching, cracking and chipping and will maintain a "factory-new" finish over its lifetime. AcrylX's™ UV properties resist fading, low porosity helps maintain luster and make cleaning easier, and other natural properties make it less susceptible to chemicals. AcrylX™ bathware- stronger, brighter white- is covered by an unprecedented **lifetime, limited warranty**.

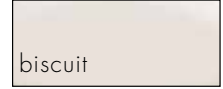

CenturyStone™ SOLID SURFACE is patented, solid surface technology that creates a strong, long lasting, seamless, non-porous, solid surface product. Perfect for healthcare, hospitality and up-scale residential applications. Aquarius solid surface bathware is covered by a **ten year, limited warranty**.
